about

The vision is to create original humorous web about fashion and lifestyle which won't be naive and shallow. Change direction. Increase the quality on next level. Give young women inspiration to become strong and powerful. Focused on serious topics and make them popular. Also connect the content with the upcycled czech fashion brand and support other local artists and designers. In the future have more connection on web - photographs, makeup artists, etc.

cooperations

- Zoot
- Krásná.cz
- Móda.cz
