

[Verse 1]

Quiet sky  
Breathing on my window  
Paper plane  
Sleeping in my hand  
Tiny wish  
Glowing like a firefly  
Can I really leave this land?

[Pre-Chorus]

Every heartbeat writes a secret letter  
To a somewhere I don't know  
If I jump now  
If I break the tether  
Will the clouds become my road? (ah)

[Chorus]

Starlight overflows  
From my open palms tonight  
I close my eyes and go  
Chasing colors into white  
If I fall  
I fall upward  
Through the sunrise  
Through the shine  
Starlight overflows  
And I know this sky is mine (whoa)

[Verse 2]

Silver wings  
Drawing little circles  
Around fears  
Melting into blue  
All the tears  
Turning into crystals  
Hanging like a distant moon

[Pre-Chorus]

Every scar becomes a soft antenna  
Catching voices far away  
"Keep on going" in a bright crescendo  
I can hear them when I sway (hey)

[Chorus]

Starlight overflows  
From my open palms tonight  
I close my eyes and go  
Chasing colors into white

If I fall  
I fall upward  
Through the sunrise  
Through the shine  
Starlight overflows  
And I know this sky is mine

[Drop]

[Glittering synth lead explodes; chopped vocal "ho-ra-e" dances with strings]

Fly  
Fly  
Higher (fly, fly)  
Light  
Light  
Brighter (brighter)  
Heartbeats turning into rays  
Racing through the waking haze  
Fly  
Fly  
Higher (oh)  
Light  
Light  
Brighter  
All my little  
Little dreams  
Bloom into a golden stream

[Chorus]

Starlight overflows  
From my open palms tonight  
I close my eyes and go  
Chasing colors into white  
If I fall  
I fall upward  
Through the sunrise  
Through the shine  
Starlight overflows  
And I know this sky is mine (yeah)

Style..Bright kawaii future bass with Japanese-style female vocals; delicate intro piano and soft pads that swell into lush fantasy strings and glittering synth arps, First verse floats over minimal percussion and reversed textures, then a slow riser blooms into a huge, euphoric drop with sidechained chords and choppy vocal chops, Energy arcs like an anime opening: tender and innocent at first, then heroic and sky-splitting, with layered harmonies and sparkling ear-candy in the hook, anime, emotional, vocal, bright
